Dear customers, business partners,

In view of the situation in Ukraine in recent days, **we are strongly against the policy of the Russian Federation** and have decided to take the following steps.

As an act of expressing support for Ukraine and disapproval of the aggression from the Russian side, we are stopping all banking transactions taking place through Sberbank CZ, a.s. with immediate effect, while transferring to another bank.

New bank account – valid for new payments and invoices already issued

- We kindly ask all our customers to send all payments now to:
 - o **EUR:** 123-6362340237/0100, IBAN: CZ87 0100 0001 2363 6234 0237, SWIFT: KOMBCZPP (Komerční banka, a.s.)
 - o **CZK:** 51-2711480257/0100 (Komerční banka, a.s.)
- At the same time, we ask our customers to send invoices that have already been issued and have not yet been paid, to redirect the payment to the new accounts under the same variable symbols.

We apologize for the inconvenience and thank you for your support

**Pavel Boubelík**

Executive Head STATECH s.r.o.
